SUBJECT: Report for Week 27 September - 4 October, 1951

1. Spent considerable time with each of the officials participating on the Orientation program to brief them on their contributions.
2. Included among those visited was our Acting Director, Mr. Dulles. He called for additional material which was presented to him first thing on Monday morning.
3. Met with Bill Trueheart and Fisher Howe at the Department of State. Went with Mr. Trueheart to the office of Assistant Secretary Dean Rusk who reluctantly agreed to participate on the program and probably would have pulled out if we had not shown him the printed material.
4. On the forenoon of the 2nd, 3rd and 4th, conducted the Agency Orientation Course in the Department of Agriculture.
5. Left for New York on the afternoon of Thursday, October 4th, to address the Volunteer Air Reserve Training Group in New York City.
